**PROCEDURE FOR OBTAINING WARRANTY  
SERVICE**

**MISCELLANEOUS**

The Magnuson-Moss Warranty Act applies to “consumer” sales as contrasted with “commercial” sales. A consumer sale is one to a buyer for personal, family or household purposes and not for the purpose of resale.

By “implied warranties” we mean ones the law presumes to have been given by the seller even though they are not set out in writing.

“Fitness for a particular purpose” means the seller knows the particular purpose for which the buyer requires the goods, and the buyer relies on the seller’s skill and judgment in making the purchase.

“Merchantable” means that the product is fit for the ordinary purposes for which that kind of product is used.

“Incidental” damages include expenses of inspection, obtaining substitute goods, transportation, etc.

“Consequential” damages include injury to persons or property resulting from a breach of warranty, and any loss from general or particular requirements known to us and which you cannot reasonably prevent.

If any provision of this Limited Warranty shall be determined to be illegal, unconscionable or unenforceable, all other terms and provisions hereof shall nevertheless remain effective and shall be enforced to the fullest extent permitted by law. The warranties made under this Limited Warranty are exclusive and may not be altered, enlarged or changed by a distributor, dealer, or other person whatsoever.

For prompt warranty service, notify the installer who, in turn, will notify the Baxi distributor from whom such installer purchased the Product. If this action does not result in warranty service, the Original Purchaser or installer should contact Baxi Customer Service (see contact information below), giving full particulars in support of the claim. Alleged defective part(s) must be returned through trade channels in accordance with Baxi’s procedure currently in force for handling returned goods for the purpose of inspection or determining the cause of failure. Baxi will furnish the new part(s) to an authorized Baxi distributor who, in turn, will furnish the part(s) to the heating contractor who installed the Product.
